Designed to characterize the modern feel of architectural perspective, and drawn to mimic the iconic look of steel, EdgeVu Lockbox Doors bring forward the contemporary feel of tomorrow with a minimalistic approach that is classically inspired and historically accurate.

With the option for True Divided Lights in an Elongated Lockbox, or expansive glass in the Lockbox, EdgeVu Doors showcase slender sight lines, streamlined profiles and an architecturally correct glass cut-out.

Crafted to accentuate the modern feel of your homes individualized style, an artisans approach has been blended into this unique design that allows for the look of steel within an aluminum frame.
